Certified Extract of the Minutes of the 4th Meeting of the Academic Council of Mohan Babu University held on 30.11.2023 at 12:00 Noon in the Conference Hall (Blended Mode)

In the 4th Meeting of the Academic Council of Mohan Babu University held on 30.11.2023 at 12:00 Noon in the Conference Hall (Blended Mode), the Honorable members approved the following agenda items pertaining to start/offer of new Programs.

AGENDA ITEMS:

A4.4	Offering 4 Years UG Programs in the School of Liberal Arts & Sciences and School of Commerce and Management.

The Chair places before the Academic Council to consider and approve the 4 years UG (Hons.) Program offered in the School of Liberal Arts & Sciences and School of Commerce and Management w.e.f.. 2023-24 in line with the NEP and UGC suggestions.

A.4.7	Starting of new Programs in MBU during the Academic Year 2023-24

The Chair places before the Academic Council to approve and ratify the list of new programs offered under various schools of MBU during the Academic Year 2023-24.

School of Liberal Arts and Sciences

- B.Sc. – Forensic Sciences

School of Pharmaceutical Sciences

- B.Pharmacy
- M.Pharmacy
- Pharm.D
- Pharm.D (Post Baccalaureate)

RESOLUTION:

The Members of the Academic Council have **approved** the offering 4 Years UG Programs and the start of new programs under various schools of MBU during the Academic Year 2023-24.

Theory with Practical and Project-Based Learning(S)	30	Shall be followed the same as mentioned in course type "Theory" under CIATs.	
	10	Experiential Learning	**For Practical:** Day-to-Day evaluation based on the performance in the conduction of laboratory experiments and its Records for 20 marks. Each exercise shall be evaluated for 20 marks and average of all exercises shall be scaled to 10 marks.
	10	Project Based Learning	Faculty shall notify the problem statement(s) of the PBL and its evaluation methods in the Course Handout after approval of BOS Chairperson. The evaluation shall be done for 20 marks and scaled to 10 marks.
	50	Semester End Examination	Shall be followed the same as mentioned in course type "Theory" under "Semester End Examination".
Practical	50	Experiential Learning	Day-to-Day evaluation based on the performance in the conduction of laboratory experiments and its Records for 20 marks. Each exercise shall be evaluated for 20 marks and average of all exercises shall be scaled to 50 marks.
	50	Semester End Examination	Examination shall be conducted for 50 Marks.
Practical with Project-Based Learning(S)	40	Experiential Learning	Day-to-Day evaluation based on the performance in the conduction of laboratory experiments and its Records for 20 marks. Each exercise shall be evaluated for 20 marks and average of all exercises shall be scaled to 40 marks.
	40	Semester End Examination	Examination shall be conducted for 50 Marks and scaled to 40 Marks.
	20	Project Based Learning	Faculty shall notify the problem statement of the Project and its evaluation methods in the Course Handout after approval of BOS Chairperson. The evaluation shall be for 20 Marks.

Course Type	Marks	Examination and Evaluation	Scheme of Examination
Project Based Learning	100	Internal Evaluation	Faculty shall notify the problem statement(s) of the PBL and its evaluation methods in the Course Handout after approval of the BOS Chairperson. The progress of the work shall be monitored periodically and evaluation shall be on the basis of TWO reviews. Each review shall be conducted for a maximum of "100" marks. For a total of 100 marks, 80% of better one of the two and 20% of the other one are added and finalized.
Clinical Posting	100	Experiential Learning	Day-to-Day evaluation based on the performance in implementing various techniques at clinical departments including maintenance of log book/work diary, continuous appraisals and its Records for 20 marks. Each assessment shall be evaluated for 20 marks and the average of all exercises shall be scaled to 100 marks.
Clinical Training	50	Experiential Learning	Day-to-Day evaluation based on the performance in the clinical assessment of patients including maintenance of log book/work diary, continuous appraisals and evidence-based patient-centric treatment and its Records for 20 marks. Each assessment shall be evaluated for 20 marks and the average of all exercises shall be scaled to 50 marks.
	50	Semester End Examination	The examination shall be conducted for 50 Marks.
Literature Review and Teaching-I, II, III & IV	100	Experiential Learning	**Literature Review:** In a Semester ***Journal:*** The student shall refer Two Journal Papers and the synopsis of each article shall be presented to Evaluation Committee (EC). Each presentation shall be evaluated for 25 marks. The maximum marks for this component shall be 50. ***Seminar:*** The student shall collect discipline-specific information through a literature survey on a specialized topic and shall be presented to EC showing his understanding of the topic. The presentation shall be evaluated for 30 marks. **UG Teaching:** In a Semester The student shall deliver a discipline-specific lecture of Three periods for Under Graduate Students in the presence of EC. Each lecture shall be evaluated for 20 marks and the average of all shall be finalized for 20 marks.
Community Camp-I, II	100	Experiential Learning	During the program of study, the student has to be involved in a minimum of two community/ health camps conducted by the University for which 1 Credit shall be awarded. Each camp shall be evaluated for 100 marks and average of all shall be finalized for 100 marks .The involvement has to be certified by the HOD/School Dean for the award of credit.

Skill-based courses offered in collaboration with industry experts, where the curriculum is designed by industry professionals and handled by the relevant experts, the evaluation scheme shall be as per the standards recommended by the respective expert. The marks earned by each student, out of a total of 100 based on the approved evaluation scheme, shall be finalized by the expert handling the course and duly submitted to the respective Departments.			

12.1 Experiential Learning

The list of components that shall be offered in experiential learning

- ✓ Seminars
- ✓ Assignments
- ✓ Surprise Tests
- ✓ Multiple Choice Quizzes
- ✓ Model development/Chart preparation
- ✓ Presentations
- ✓ Publications
- ✓ Poster Presentation
- ✓ Group Discussion
- ✓ Debate
- ✓ Puzzle, Enigma, Contradiction
- ✓ Think / Pair / Share
- ✓ Role Play
- ✓ Video Synthesis
- ✓ Technical Talks
- ✓ Field Visits/Field Work
- ✓ Self-Study-NPTEL/MOOC/Swayam/Online Certifications
- ✓ Mini-Projects
- ✓ Case-Study
- ✓ Group Activities
- ✓ Market Survey
- ✓ Virtual Lab Development, etc.

A combination of one or more of the above options shall be notified for each course under experiential learning. For every course (except Capstone Project, Internship and other types of courses), the experiential learning items mentioned are indicative. Course Instructor may change the activities and the same shall be reflected in the Course Handout.

12.2.1 Internship

The student shall undergo an Internship in an Industry/National Laboratories/ Academic institution relevant to the branch specific or interdisciplinary for FOUR weeks duration during summer vacation. This course shall be registered in the subsequent semester immediately after the summer vacation. The Internship shall be submitted in a report form, and a presentation of the same shall be made before an Internship Evaluation Committee (IEC) and it shall be evaluated for 100 marks. The IEC shall consist the concerned Supervisor and a Senior Faculty Member of the Department nominated by Head of the Department with the approval of the respective School Dean. If required, multiple IECs shall be constituted for multiple sections with prior approval.

12.2.2 Clinical Internship-I & Clinical Internship-II

The student shall undergo Clinical Internship–I and Clinical Internship–II in a hospital or medical laboratory relevant to their branch of study for a duration of six months each, during the VII and VIII semesters of the program, respectively. Each internship shall carry 100 marks and will be evaluated under the following scheme:

(i) **Internal Evaluation:** The Internal Evaluation of Clinical Internship shall be made by the Internship Evaluation Committee (IEC) in the third month from commencement of the semester. The evaluation shall be conducted for a maximum of "50" marks. The IEC shall consist of Two faculty members of discipline specific nominated by Head of the Department with the approval of the respective School Dean.

(ii) **Semester end Evaluation:** The semester-end Evaluation shall be conducted for 50 marks by the IEC at the end of the semester.

The evaluation in both phases shall be based on the clinical logbook, attendance report, and student presentation. If required, multiple IECs may be constituted with prior approval.

Absolute grading shall be applicable for Clinical Internship–I and II.

12.2.3 Compulsory Rotatory Internship

The student shall undergo a Compulsory Rotatory Internship (CRI) in a hospital for a duration of six months after the completion of the VIII Semester. Eligibility for the CRI requires that the student must have passed all courses offered up to the VIII Semester of the BPT program. Students with backlogs/failed courses shall be permitted to undertake the internship only after successfully clearing all such courses.

CRI shall carry 100 marks and will be evaluated under the following scheme:

(i) **Internal Evaluation:** The Internal Evaluation of CRI shall be made by the CRI Evaluation Committee (CRIEC) in the third month from commencement of the semester. The evaluation shall be conducted for a maximum of "50" marks. The CRIEC shall consist of two faculty members nominated by the Head of the Department with the approval of the respective School Dean.

(ii) **Semester end Evaluation:** The semester-end Evaluation shall be conducted for 50 marks by the CRIEC immediately after completion of Six months. The evaluation shall be based on the clinical logbook, attendance report, and student presentation. If required, multiple CRIECs may be constituted with prior approval.

Absolute grading shall be applicable for CRI.

12.3 Seminar

The student shall collect information through literature survey on a specialized topic and prepare a technical report, showing his understanding of the topic, and submit it to the Seminar Evaluation Committee (SEC) followed by a presentation of the same shall be made before the SEC and shall be evaluated for 100 marks.

The report and the presentation shall be evaluated at the end of the semester by the SEC consisting of concerned supervisor and one senior faculty member. The SEC shall consist the concerned Supervisor and a Senior Faculty Member of the Department nominated by Head of the Department with the approval of the respective School Dean. If required, multiple SECs shall be constituted for multiple sections with prior approval.

12.4 Capstone Project for UG Programs & PG Programs (other than M.Tech):

Continuous Evaluation: The Continuous Evaluation shall be made by the Project Evaluation Committee (PEC) consisting of concerned supervisor and two senior faculty members, on the basis of TWO project reviews on the topic of the project. Each review shall be conducted for a maximum of "50" marks. For a total of 50 marks, 80% of better one of the two and 20% of the other one are added and finalized. The PEC is constituted by the respective School Dean on the recommendations of the Head of the Department.

Semester End Evaluation: The Semester-end evaluation shall be conducted by a Committee consisting of an External Examiner, HOD and concerned Supervisor. If required, multiple committees shall be constituted for multiple sections with prior approval. The External Examiner shall be nominated by the respective School Dean from the panel of Examiners submitted by the Department.

The evaluation of project work shall be done at the semester-end of the program of study for a maximum of "50" marks. The weightages for the semester-end evaluation of project work shall be 40% for Project Report and 60% for Viva-Voce.

The dissertation certified in the prescribed format by the concerned Supervisor and HOD shall be submitted at one copy to the Department and one copy to the Controller of Examinations in addition to student copy.

12.5 Project Work - Phase I & II for M.Tech Program:

Project Work–Phase I: A students has to take up and complete Project Work–Phase I in III-Semester. He/she has to identify the topic of the Project Work, collect relevant Literature, preliminary data, implementation tools/ methodologies etc., and perform a critical study and analysis of the problem identified and submit a Report.

The Project Evaluation Committee (PEC) consisting of concerned supervisor and two senior faculty members shall monitor the progress of the project work of the student. The PEC is constituted by the respective School Dean on the recommendations of the Head of the Department.

(i) **Internal Evaluation:** The Internal Evaluation of Project work – Phase I shall be made by the PEC on the basis of TWO project reviews on the topic of the project. Each review shall be conducted for a maximum of "50" marks. For a total of 50 marks, 80% of better one of the two and 20% of the other one are added and finalized.

(ii) **Semester end Evaluation:** The semester-end Project Work Phase-I Viva-Voce examination shall be conducted for 50 marks by the concerned guide and a senior faculty member recommended by the Head of the Department and appointed by the respective School Dean.

Project Work – Phase II: A student shall continue Project Work–Phase I in order to undertake the Project Work Phase II during the IV-Semester by extending practical investigations, implementation, analysis of results, validation and report writing. The student shall submit a Project report at the end of the semester after approval of the PEC.

(i) **Internal Evaluation:** The Internal Evaluation of Project work Phase-II shall be made by the PEC by conducting TWO project reviews on the progress, presentations and quality of work. Each review shall be conducted for a maximum of "50" marks. For a total of 50 marks, 80% of better one of the two and 20% of the other one are added and finalized.

(ii)**Semester End Evaluation:** The semester-end Project Work Phase-II Viva-Voce examination shall be conducted for 50 marks. A candidate shall be allowed to submit the dissertation on the recommendations of the PEC. Three copies of the dissertation certified in the prescribed format by the concerned Supervisor and HOD shall be submitted to the Department. One copy is to be submitted to the Controller of Examinations and one copy to be sent to the examiner. The examiner shall be nominated by the School Dean from the panel of THREE examiners submitted by the Department for a maximum of 5 students at a time for adjudication.

- If the report of the examiner is favorable, Semester-end Project Work Phase-II Viva-Voce Examination shall be conducted by a Committee consisting of External examiner (nominated by the School Dean), HOD and concerned Supervisor at the end of the IV-Semester.
- If the report of the examiner is not favorable, the dissertation should be revised and resubmitted after a minimum period of three months.
- The students who fail in Project work Phase-I (or) Phase-II Viva-Voce examination shall have to re-appear for the Viva-Voce examination after three months.
- Extension of time for completing the project is to be obtained from the Chairman, Academic Council, MBU.
- Change of the project work topic shall be permitted only in Project Work Phase-I, within FOUR weeks after commencement of the III-Semester with the approval of the PEC.

Note: The student is eligible for appearing Viva-Voce Examinations only if he/she successfully completed all courses registered till III Semester.

12.6 Dissertation

The student shall start collecting information from I-Semester and has to continue till the last semester of program of study. The evaluation shall be in the Final Semester of the program of study. The guide/supervisor shall be assigned during I-Semester itself and the guide has to monitor the progress of the work periodically. The student has to register the title of study within 4 months from the start of I-Semester by submitting a synopsis to HOD/School Dean.

The dissertation is aimed to train a postgraduate student in research methods and techniques. It includes identification of a problem, formulation of a hypothesis, search and review of literature getting acquainted with recent advances, designing of a research study, collection of data, critical analysis, and comparison of results and drawing conclusions. Every candidate pursuing MPT

degree course is required to carry out work on a selected research project under the guidance of the supervisor. The result of such a work shall be submitted in the form of a dissertation in the final semester of program of study. Any change in the dissertation topic or guide should be informed to the School Dean for its approval.

The Semester end examination shall be conducted by a Committee consisting of an External Examiner, HOD and guide/supervisor. The External Examiner shall be nominated by the respective School Dean from the panel of Examiners submitted by the Department.

The dissertation certified in the prescribed format by the concerned Supervisor and HOD shall be submitted at one copy to the Department and one copy to the Controller of Examinations in addition to student copy.

12.7 Evaluation Scheme for STEP Certification

CEFR Level	Level Description	STEP Score (12 Point Scale)
C2	Mastery	11-12
C1	Advanced	9-10
B2	Upper Intermediate	7-8
B1	Intermediate	5-6
A2	Elementary	3-4
A1	Beginner	1-2

CEFR- Common European Framework of Reference for Languages

- Students must attend both pre-assessment and post-assessment tests. Failure to attend either test will result in the student being declared Fail.
- If a student secure a CEFR Level of **A1** or **A2** or **B1** in the pre-assessment Test, then they must secure at least a CEFR Level of **B2** in the post-assessment test to be declared as pass.
- If a student secure a CEFR Level of **B2** or **C1** or **C2** in the pre-assessment Test, then they must maintain at least the same CEFR Level in the post-assessment test to be declared as Pass. Otherwise declared as Fail.
- Once the student is declared pass, the performance score (STEP Score) obtained in the post-assessment test shall be converted into marks using the formula.

Marks = Obtained STEP Score x 100/12

Absolute Grading shall be applicable for STEP certification.

12.8 Activity Based Courses (Eg.: NCC/NSS Activities, Yoga)

If a student registers for Mandatory courses like NCC/NSS activities, Yoga, etc., he/she shall participate in such activities for a minimum of 15 hours per Credit. Each participation shall be evaluated for 25 marks and average marks of all participations shall be scaled to 100 marks. The credits shall be awarded on the successful completion of the requisite number of hours of participation and other requirements as specified by the concerned.

12.9 Recounting /Revaluation/Personal Verification/ Challenging Evaluation

Students shall be permitted to apply for Recounting /Revaluation/Personal Verification/ Challenging Evaluation of the Semester End Examination answer scripts within a stipulated period after payment of the prescribed fee. After completion of the process of Recounting/ Revaluation/Personal Verification/ Challenging Evaluation, the records are updated with changes if any, and the student shall be issued a revised grade sheet. If there are no changes, the student shall be intimated the same through a notice.

Massive Open Online Course (MOOC)

A Student shall be permitted to pursue courses through MOOC to the maximum extent of **20% of courses,** during the program of study. A Student who got admitted under Lateral Entry shall be permitted to pursue courses through MOOC to the maximum extent of **30% of Courses,** during the program of study. The duration of the course pursued through MOOC shall be for a minimum period of 08 weeks.

- The list of courses along with MOOC service providers shall be identified by the concerned Department shall be notified to the students after approval from the respective BOS Chairperson/Head of the Department. In case, if a student identifies a course on his own which is not listed in the notified list, the same shall be get it approved by BOS Chairperson/Head of the Department after quality check.
- The student has to submit MOOC certificate with percentage of Score earned to the Head of the Department at the end of the semester. Based on the score earned, the equivalent Grade Point and Credits will be assigned.
- Attendance is not applicable for MOOC Course and the same is not monitored.
- If the student registers for a MOOC course with the service provider in a semester, then, he/she shall be permitted to submit the certificate either in the same semester or immediate next semester. If the student fails to submit the MOOC certificate with in the above stipulated time, his performance in MOOC will be shown as "Fail" in the Grade sheet. Then the student shall re-register course.

Evaluation Scheme for the courses offered through MOOC on SWAYAM Platform.

- If a student registered for the course offered on the SWAYAM platform in any of the semesters (as per the UGC 2021 Regulations) and wish to write the Semester-End Examinations conducted by the University, then he/she is eligible only if completed the entire SWAYAM course and submitted a minimum of 75% of the assignments and quizzes on SWAYAM.
- For a total of 100 Marks, 30% weightage shall be given to the assignments and quizzes component conducted by the SWAYAM Course Coordinator that is available on the SWAYAM portal and is considered as internal marks. For the remaining 70 marks, the University shall conduct Semester-End Examination for the registered course.
- Absolute Grading shall be applicable for the courses offered through the SWAYAM platform.

Course Wise Grading of Students

Each student shall be awarded Letter Grades and Grade Points (GP) based on the aggregate of marks obtained through Internal Evaluation and Semester End Evaluation in a course. Based on the type of course either relative grading system or absolute grading system is followed.

Absolute Grading

The letter grades and the corresponding grade points are in accordance with the UGC guidelines, as detailed below.

% of Marks obtained	Letter Grade	Description of Grade	Grade Points (GP)
≥90	O	Outstanding	10
≥80 to <90	A^+	Excellent	9
≥70 to < 80	A	Very Good	8
≥ 60 to < 70	B^+	Good	7
≥ 55 to < 60	B	Average	6
≥ 50 to < 55	C	Pass	5
<50	F	Fail	0
Absent	Ab	Absent	0

A student is considered to have successfully completed a course and earned the credits if he / she secured a letter grade other than F or Ab or I in that course. A letter grade F or Ab or I in any course implies a failure in that course.

Absolute Grading shall be adopted for the following courses.

I. Practical courses
II. Practical with Project Based Learning courses
III. Seminar courses
IV. Internship Courses
V. Mandatory courses
VI. Project Courses
VII. Comprehensive Assessment
VIII. Courses pursued through MOOC
IX. In any course, if the student's strength is less than 21

Pass Marks: If Absolute Grading is applied for a course then, A student shall be declared as "PASS" in a course if he/she secures a minimum of 50% of the total marks obtained from CIAT and Semester End Evaluation. Otherwise, he/she shall be declared as "FAIL" in that course.

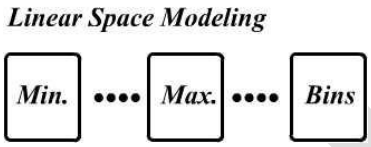
For the courses like NCC/NSS, Yoga and similar Activity based courses, the student shall be declared as "PASS" if he/she satisfies the concerned course requirements.

Relative Grading

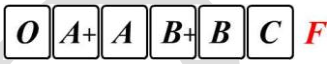
Student is awarded a letter grade and the corresponding grade points based on the individual performance of the student, linearly relative to the performance of the class in the particular course. The grade points are assigned to each course based on the fitment in the linear space model consisting of seven bands. The bands from the top to bottom are graded as O, A+, A, B+, B, C and F respectively. The grade monitoring committee in consultation with Vice Chancellor shall have the final decision on allotment of grades to the students. The committee may also recommend changes in grade range when special case arise considering class size etc, to the result passing committee. However, for such courses with less than 21 students, absolute grading is followed.

Linear Space Model

Develop bins of equal weights between the minimum marks and the maximum marks obtained by the student.



Each bin is labeled as grade names as: (seven bins)



Marks that belong to last bin are declared as fail grade.

Semester Grade Point Average (SGPA): SGPA shall be calculated as given below on a "10 point scale" as an index of the student's performance:

$$SGPA = \frac{\sum (C\ X\ GP)}{\sum C}$$

Where "C" denotes the "credits" assigned to the courses undertaken in that semester and "GP" denotes the "grade points" earned by the student in the respective courses.

Note: SGPA is calculated only for the candidates who appeared in the semester-end regular examinations in a particular semester.

1Cumulative Grade Point Average (CGPA):

The CGPA shall be calculated for a candidate who appeared in the Semester End Examination (including Regular & Arrear) till that semester. The CGPA shall be displayed in the Grade sheet of the Regular Semester-end examinations and also in the consolidated Grade Sheet issued at the end of the program. The CGPA is computed on a 10 point scale as given below:

$$CGPA = \frac{\sum (C\ X\ GP)}{\sum C}$$

Where, C denotes the credits assigned to courses undertaken up to the end of the Program and GP denotes the grade points earned by the student in the respective courses.

Both SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

Additional Credits for Minor/Honors Degree

Students shall be permitted to register either for Minor degree in a discipline (or) Honors Degree in a discipline only, but not both. (Applicable for B.Tech Programs only). For other UG Programs details are mentioned in their respective curriculum if applicable.

Minor Degree

- The objective of Minor Degree is to provide additional learning opportunities for academically motivated students other than their discipline in the program of study for Major Degree. However, the student shall opt only one discipline for the Minor Program.
- A student shall earn 20 extra credits for the award of Minor Degree in addition to the minimum credit requirement of his/her Major Degree.
- A student shall choose the courses for the Minor Degree from other discipline curriculum (guided structure) which should not be repeated in his/her program of study for Major Degree. Also, it is the responsibility of the student to acquire/complete the prerequisite before taking the respective course.
- Students with a minimum of 8.0 CGPA without any backlogs are eligible to registering for courses under Minor Degree at the time of registration.
- An SGPA and CGPA of 7.5 has to be maintained in the subsequent semesters without any backlog courses in the Major Degree in order to keep the Minor Degree registration live or else it shall be cancelled.
- The grades earned in the Minors program courses shall have no impact on the GPA/CGPA of the Major Program for which the student has registered.
- If a student fails to complete/withdraw from Minor Program, the courses completed successfully under this shall be converted to University Elective courses and the same is reflected in the consolidated Grade Sheet.
- The minor degree shall be awarded along with the Major degree and the same is mentioned in the Degree Certificate. Eg.: "Bachelor of Technology in (program discipline) with Minor in (other discipline).
- Students shall pay an additional fee for all the courses registered under the Minor Program.

Attendance and Evaluation regulations for these Minor Degree courses shall be as per regular courses.

Honors Degree

- The objective of Honors Degree is to provide additional learning opportunities for academically motivated students in their discipline in the program of study for Major Degree.
- A student shall earn 20 extra credits for the award of Honors Degree in addition to the minimum credit requirement of his/her Major Degree.
- A student shall choose the courses for the Honors program in his/her discipline curriculum structure of program of study for Major Degree. Also, it is the responsibility of the student to acquire/complete the prerequisite before taking the respective course.
- Students with a minimum of 8.0 CGPA are eligible for registering for courses under Honors at the time of registration.
- An SGPA and CGPA of 7.5 has to be maintained in the subsequent semesters without any backlog courses in the Major Degree in order to keep the Honors Degree registration live or else it shall be cancelled.

- ❖ The grades earned in the Honors program courses shall have no impact on the GPA/CGPA of the Major Program for which the student has registered.
- ❖ If a student fails to complete/withdraw from Honors Degree program, the courses registered/completed successfully under this shall be converted to Program Elective/Specialization Elective courses and the same is reflected in the consolidated Grade Sheet.
- ❖ The Honors Degree shall be awarded along with the Major Degree and the same is mentioned in the Degree Certificate. Eg.: "Bachelor of Technology in (program discipline) with Honors.
- ❖ Students shall pay an additional fee for all the courses registered under the Honors program.
- ❖ Attendance and Evaluation regulations for these Honors Degree courses shall be as per regular courses.

Award of Class

The CGPA requirement for the award of the class is as follows.

Awarding of Class

CGPA Secured	Class Awarded
≥8.0	First Class with Distinction
≥6.0 and <8.0	First Class
≥5.5 and <6.0	Second Class
≥5.0 and <5.5	Pass Class

Award of Degree

After successful completion of the program and minimum credit requirements as specified in the program curriculum, a Provisional Certificate will be issued to eligible students. The degree will be conferred on the student during the subsequent Convocation. The degree certificate will indicate the name of the Program of study, and specializations if any, in which the student has graduated along with minor/ honors, if earned by the student. Example: 'Bachelor of Technology in Computer Science and Engineering', or 'Bachelor of Technology in Electrical and Electronics Engineering and with Specialization in Automotive Electronics' or 'Bachelor of Technology in Civil Engineering with Honors'; or 'Bachelor of Technology in Mechanical Engineering with Minor in Computer Science and Engineering.

COURSE DESCRIPTION: This course provides a detailed discussion on analysis of signals and systems; Representation of signals using Fourier series and Fourier transforms; Time-Domain and Frequency-Domain aspects of signals and systems; concept of convolution and correlation; Sampling and types of sampling; Applications of Laplace transform of signals; Z-Transform of discrete-time sequences.
COURSE OUTCOMES: After successful completion of the course, students will be able to:
CO1. Understand the basic operations on signals & sequences and determine the response of LTI systems using convolution.
CO2. Apply Fourier series and transform to analyse spectral characteristics of continuous-time periodic and aperiodic signals.

1. Action Taken Report on previous meeting.

1. I B.Tech - I and II semesters are successfully implemented under MBU.
2. M.Tech I and II semesters are successfully implemented under MBU.
3. Mentor Graphics TESSENT Tool, Cadence Tool for VLSI specialization are in process.
4. Course title - VLSI Verification and Testing is changed to Design for Testability.
5. Verilog HDL/VHDL Courses are added into the course structure.
6. The syllabus for courses is prepared as per the suggestions given by experts in 1st BOS meeting.

2. Revised Course Structure of B.Tech. Electronics and Communication Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).

BOS Members approved the proposed Revised Course Structure of B.Tech. Electronics and Communication Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting, under MBU22 Regulations (ANNEXURE-I). Members have appreciated the efforts of Internal Members of BOS and the chirman BoS in guiding them on framing syllabi in a best possible way. Members were appraised of the Syllabi of other courses of B.Tech. Electronics and Communication Engineering. In addition, the following suggestions are given for further improvement.

1. Suggested to include Introduction to G2 platform in Module 5 for the Course FPGA Architectures and Protocols .
2. Suggested to include concepts related to both clock and power gating in Module 3 as per IEEE 1801 Standard for UVM for the subject Low Power CMOS VLSI Design.
3. Suggested to add Timing analysis concepts with approaches towards physical design and testing along with experiential learning for VLSI/DICD subjects.
4. Suggested to plan and conduct Faculty Development Programs on emerging Courses
5. Suggested to conduct more number of Expert/Guest lectures from industry, related to advanced VLSI topics.
6. Suggested to add python programming as pre-requisite for the course Machine Learning.
7. Suggested to add more practical courses that provides hands-on training experience.

3. Credit distribution and Course structure for lateral entry B.Tech-ECE (Three Years)

BOS Members approved the proposed credit distribution and course Structure of B.Tech. Electronics and Communication Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting, under MBU22 Regulations (ANNEXURE-I).

4. Revised Course Structure of B.Tech. Electronics and Communication Engineering with Specialization in Embedded Systems and IOT and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).

Chairman BOS has represented that the revised course structure of Electronics and Communication Engineering with Specialization in Embedded Systems and IOT and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations) will be presented in the next BoS Meeting.

5. Revised Course Structure of B.Tech. Electronics and Instrumention Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).

BOS Members approved the proposed Revised Course Structure of B.Tech. Electronics and Instrumention Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).

6. Credit distribution and Course structure for lateral entry B.Tech-EIE (Three Years)

BOS Members approved the proposed credit distribution and course Structure of B.Tech. Electronics and Instrumentation Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting, under MBU22 Regulations (ANNEXURE-II).

7. Revised Course Structure of B.Tech. Electronics and Instrumention Engineering with specialization in Biomediclal Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).

Chairman BOS has represented that the Revised Course Structure of B.Tech. Electronics and Instrumention Engineering with specialization in Biomediclal Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations) will be presented in the next BoS Meeting.

8. Approval of courses offered to other departments.

BOS Members approved the courses offered to other departments (ANNEXURE-III).

9. Identification of MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations).

External BOS members suggested to curate the courses through MOOCS only if required.

1. Action Taken Report on "Minutes of BOS Meeting held on 10-06-2019":

Chairman Dr. O. Eswara Reddy apprised the members the Minutes/Resolutions of BOS Meeting held on 15-07-2022.

Minutes of BOS Meeting held on 15-07-2022	Action Taken
Vision and Mission of the Department	Followed from the academic year 2022-23.
PEOs, POs, PSOs, and Course Structure of B.Tech. Civil Engineering and Syllabi with Course Outcomes for the Courses of I B.Tech. Civil Engineering (Under MBU22 Regulations)	Implemented for B.Tech. Civil Engineering I & II Semesters from the academic year 2022-23. **(ANNEXURE-I)**
PEOs, POs, PSOs, and Course Structure of B.Tech. Civil Engineering with specialization in Structural Engineering and Syllabi with Course Outcomes for the Courses of I B.Tech. Civil Engineering with specialization in Structural Engineering (Under MBU22 Regulations)	Yet to be implemented for I B.Tech. Civil Engineering with specialization in Structural Engineering
PEOs, POs, PSOs, and Course Structure of B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering and Syllabi with Course Outcomes for the Courses of I B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering (Under MBU22 Regulations)	Yet to be implemented for I B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering
PEOs, POs, PSOs, Course Structure and Syllabi with Course Outcomes for the Courses of M.Tech. Construction Technology and Management (Under MBU22 Regulations):	Yet to be implemented for I M.Tech. Construction Technology and Management

The above Action Taken Report is noted for record.

2. Revised Course Structure of B.Tech. Civil Engineering; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations):

BOS Members approved the proposed Revised Course Structure of B.Tech. Civil Engineering **(ANNEXURE-II)** and Syllabi with Course Outcomes for the civil engineering Core Courses other than approved in 1st BoS Meeting, under MBU22 Regulations for both Regular and Lateral Entry Programs **(ANNEXURE-V)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing course structure and syllabi in a best possible way. Members were apprised of the Syllabi of other courses of B.Tech. Civil Engineering. In addition, the following suggestions are made for further improvement.

Suggestions for UG Programs:

1. Suggested to maintain uniformity in the number of courses offered domain wise under the specialization elective
2. Suggested to minimise the advanced courses
3. Suggested to include new course on "Civil Engineering Practice"
4. Suggested to give more emphasis on Indian Standard (IS) Codes by including in course syllabi wherever it is possible
5. Suggested to include case studies with visual explanation in the syllabi to gain practical knowledge
6. Suggested to include seminar as experiential learning activity
7. Suggested to enhance project work credits
8. Suggested to address Civil Engineering Challenges (viz. Land slides, Earth quakes, Smart cities etc.) to students and expose them to find solutions

9. Suggested to address societal issues is syllabi to the students inorder to find solutions
10. Suggested to inclue the topic on "challanges in building smart cities" in the course on "Civil Engineering and The Society"
11. Suggested to include lab component to the course on "Engineering Mechanics" in the next revision
12. Suggested to inclue the topic on "scheduling" in the course on "Construction, Planning and Project Management"
13. Suggested to inclue the topics on "types of tunnels, TBM and construction techniques of tunnel" in the course on "Rock Mechanics and Tunneling".
14. Suggested to include the topic on "Falling Weight Deflectometer (FWD) Testing" in Pavement Analysis and Design.
15. Suggested to include the topics on "geosynthetic usage for mitigation, geotubes, flood management, shore protection" in the course on "Geosynthetics and Reinforced Soil Structures".
16. Suggested to include the topic on "usage of types of mobility like metro, monorail etc.in Pavement materials.
17. Suggested to include the topic on "prefabrication in infrastructure projects like bridges and tunnels etc." in the course on "Prefabricated Structures"
18. Suggested to rename the course title "Computational Methods in Hydraulics and Hydrology" as "Computational and Statistical Methods in Hydraulics and Hydrology".

General Suggestions:

19. Suggested to plan and conduct Faculty Development Programs on emerging courses
20. Suggested to conduct more number of Expert Lectures from industry

3. Revised Course Structure of B.Tech. Civil Engineering with specialization in Structural Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations):

BOS Members approved the proposed Revised Course Structure of B.Tech. Civil Engineering with specialization in Structural Engineering **(ANNEXURE-III)** and Syllabi with Course Outcomes for the Core Courses other than approved in 1st BoS Meeting, under MBU22 Regulations, for both Regular and Lateral Entry Programs **(ANNEXURE-V).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing course structure and syllabi in a best possible way.

4. Revised Course Structure of B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations):

BOS Members approved the proposed Revised Course Structure of B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering **(ANNEXURE-IV)** and Syllabi with Course Outcomes for the Core Courses other than approved in 1st BoS Meeting, under MBU22 Regulations, for both Regular and Lateral Entry Programs **(ANNEXURE-V).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing the course structure and syllabi in a best possible way.

5. Revised Course Structure and Syllabi with Course Outcomes for the Courses of M.Tech. Construction Technology and Management (Under MBU22 Regulations):

BOS Members approved the proposed Revised Course Structure and Syllabi with Course Outcomes for the Core Courses of M.Tech. Construction Technology and Management (Under MBU22 Regulations) **(ANNEXURE-VI).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing course structure and syllabi in a best possible way. In addition, the following suggestions are made for further improvement.

Suggestions for PG Program:

1. Suggested include the topic on "PPP contracts in National Highways as case study" in the course on "Infrastructure development management"
2. Suggested to include the topic on "case studies on BIM" in the course on "Building Information Modelling (BIM)"
3. Suggested to add a topic on "energy audit for commercial buildings" in the course on "Energy Effieciency and Conservation in Buidlings"
4. Suggested to add a topic on "scaffolding for underground structures like tunnels" in the course on "Formwork, Shoring and Scaffolding"
5. Suggested to add a topic on "GIS applications in execution of construction projects" in the course on "GIS in Construction Engineering"
6. Suggested to add an exercise on "Motion Detector with NodeMCU" in the course on "AI and IoT Construction".
7. Suggested to add a topic on "humidity and temperature monitoring using aurduino" in the course on "AI and IoT Construction"
8. Suggested to include a topic on "case studies on data science applications in civil engineering" in the course on "Data Science for Civil Engineers"

6. Courses offered to Other Departments (Under MBU22 Regulations): BOS Members approved the proposed Syllabi with Course Outcomes for the Courses offered to Other Departments at UG Level (Under MBU22 Regulations) **(ANNEXURE-VII)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing Course Syllabi in a best possible way.

7. Identification of MOOCs Equivalent to the Courses offered under UG and PG Curriculum (MBU22 Regulations):
Resolved to authorize the Chairman, BoS in Civil Engineering to identify and finalize the MOOCs equivant to the courses offered under UG and PG currulum, under MBU22 Regulations and forward the same to the respective School Dean/ Dean (Academic Affairs) for further action.

Meeting concluded with thanks to the Members.

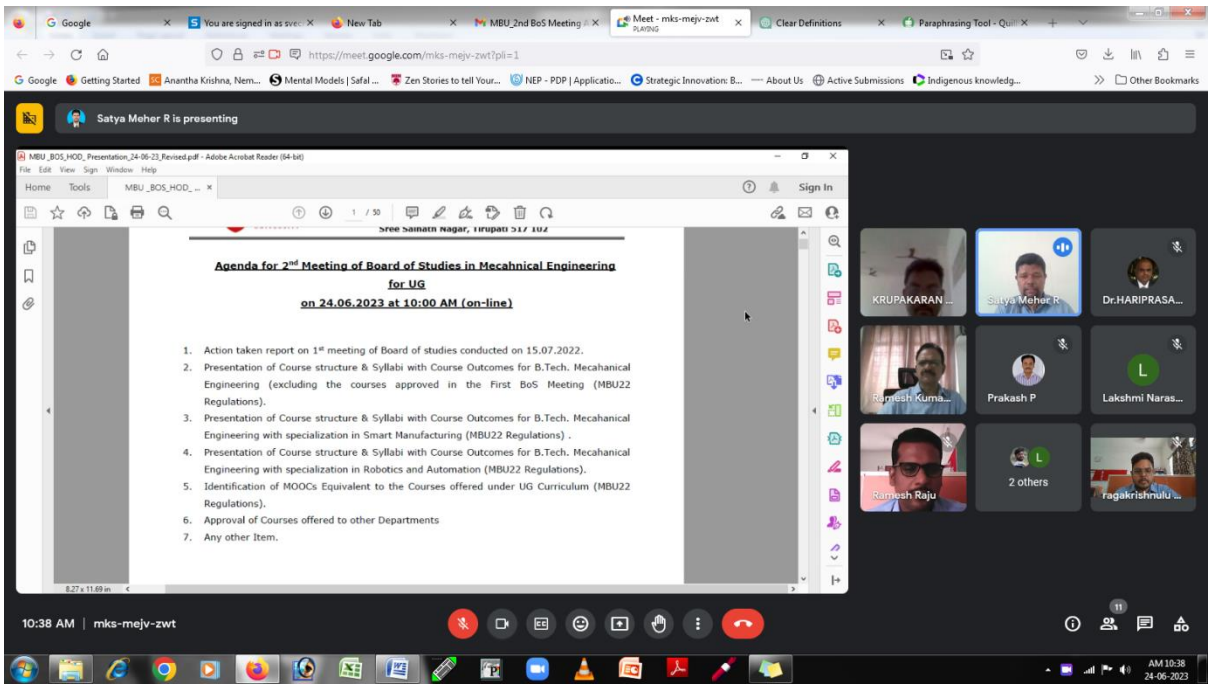
Members present for the 2nd BOS meeting on 24.06.2023



Dr. R. Satya Meher, Chairman, of the Board of Studies presenting the course structures to the members

1. **Action taken report on 1st meeting of Board of studies conducted on 15.07.2022.**

The Chairman, of the Board of Studies, Dr. R. Satya Meher apprised the members that the 1st meeting of the BOS was held on 15-07-2022 and presented the action taken in accordance with the resolutions/ suggestions made.

Members resolved that the above Action Taken Report be recorded.

2. **Presentation of Course structures for B.Tech. Mechanical Engineering (excluding the courses approved in the First BoS Meeting (MBU22 Regulations), B.Tech. Mechanical Engineering with specialization in Smart Manufacturing (MBU22 Regulations), and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations)**.

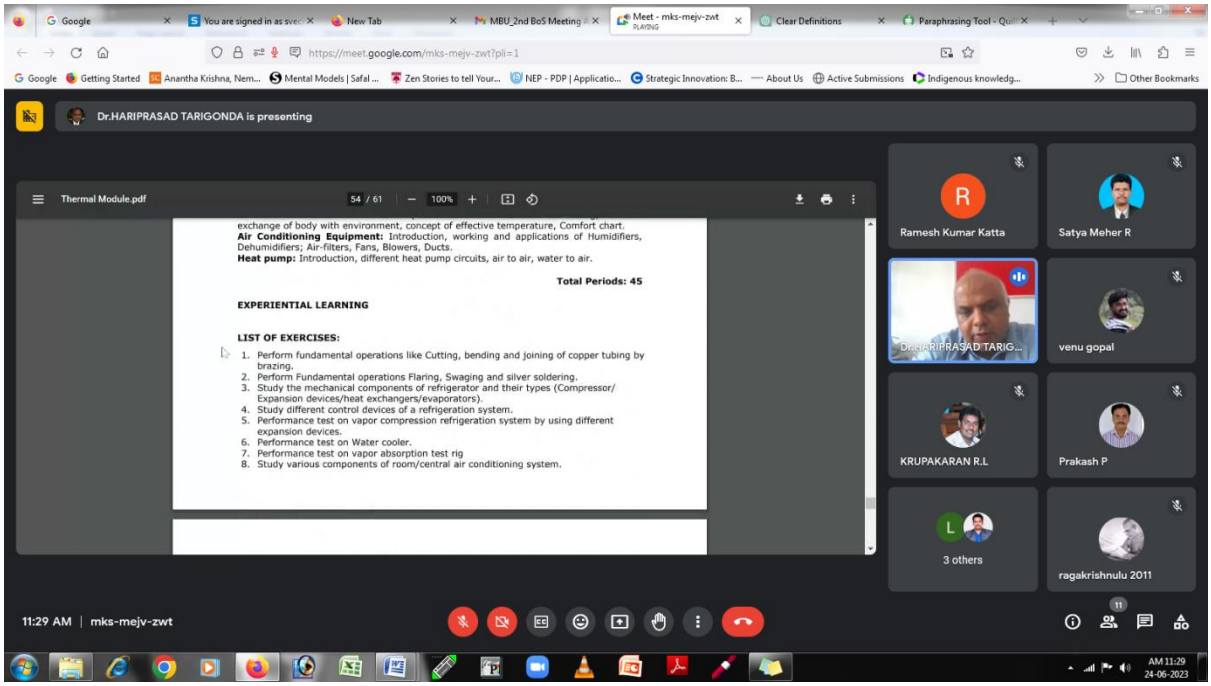
BOS Members approved the proposed Course Structures for B.Tech. Mechanical Engineering (excluding the courses approved in the First BoS Meeting (MBU22 Regulations), B.Tech. Mechanical Engineering with specialization in Smart Manufacturing (MBU22 Regulations), and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations).

The members expressed warm appreciation for the outstanding efforts the Chairman and the internal members of the Department's Board of Studies (BOS) put forth in developing the course structures.

3. **Module-wise Presentation of syllabi with course outcomes for B.Tech. Mechanical Engineering (excluding the courses approved in the First BoS Meeting (MBU22 Regulations), B.Tech. Mechanical Engineering with specialization in Smart Manufacturing (MBU22 Regulations), and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations)**.

3.1. Thermal Engineering Module:

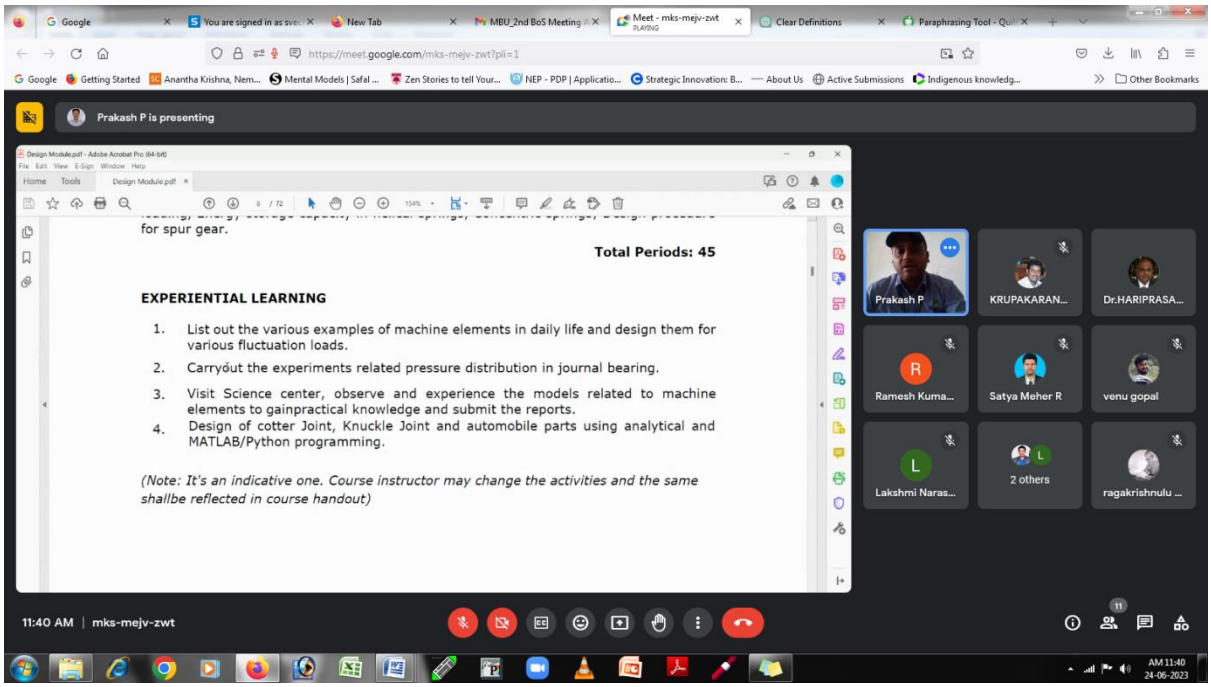
Dr. T. Hari Prasad, the module coordinator for Thermal Engineering, presented the course syllabi and outcomes for the area. BOS Members approved the proposed, Syllabi with Course Outcomes for B.Tech. Mechanical Engineering, B.Tech. Mechanical Engineering with specialization in Smart Manufacturing, and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations) courses that fall under Thermal Engineering.



Dr. T. Hari Prasad, the module coordinator for Thermal Engineering, presenting the course syllabi and outcomes for the area.

3.2. Design Module:

Dr. P. Prakash, the module coordinator for Design Engineering, presented the course syllabi and outcomes for the area. BOS Members approved the proposed, Syllabi with Course Outcomes for B.Tech. Mechanical Engineering, B.Tech. Mechanical Engineering with specialization in Smart Manufacturing, and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations) courses that fall under the domain of Design Engineering.

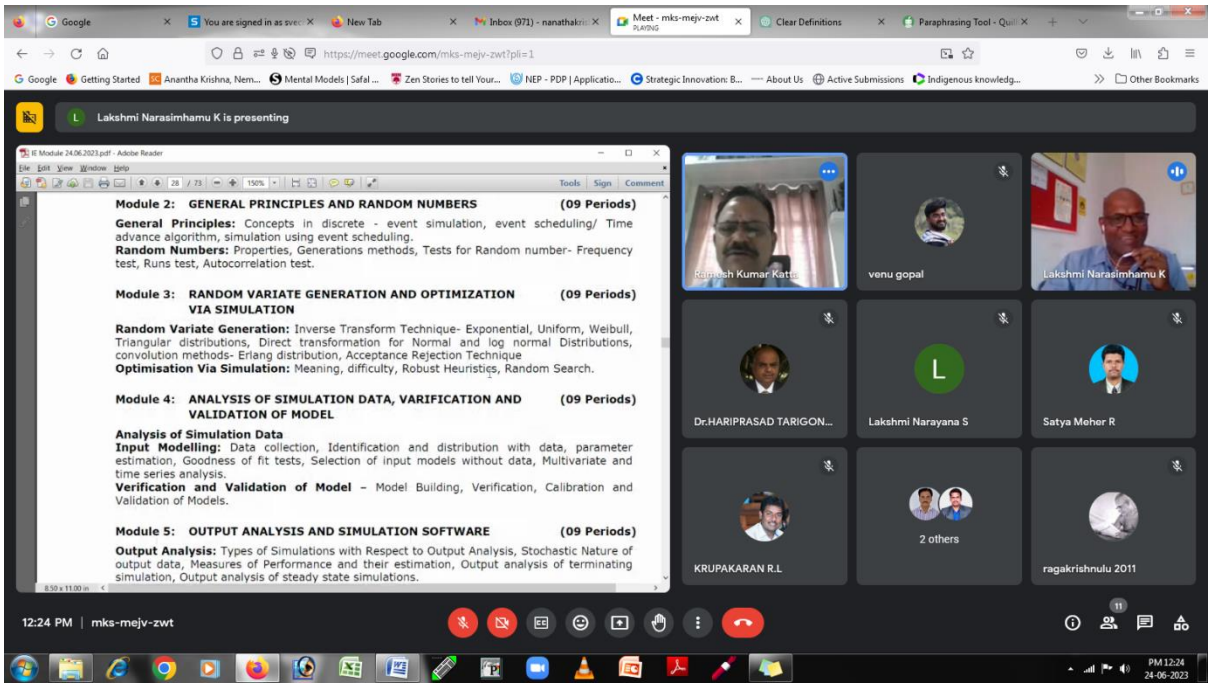


Dr. P. Prakash, the module coordinator for Design Engineering, presenting the syllabi

3.3. Industrial Engineering Module:

Dr. K. Lakshmi Narasimhamu, the Industrial Engineering module coordinator, presented the discipline's course syllabi and outcomes. Members of the BOS approved the proposed Syllabi with Course Outcomes for B.Tech. Mechanical Engineering, B.Tech. Mechanical Engineering with specialization in Smart Manufacturing, and B.Tech. Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations) courses that fall within the domain of Industrial Engineering. Further, the following suggestions were made:

- Prioritizing Modelling first, the syllabus for Simulation and Modeling Analysis, may be reframed. Also, system-based model development may be considered for inclusion.



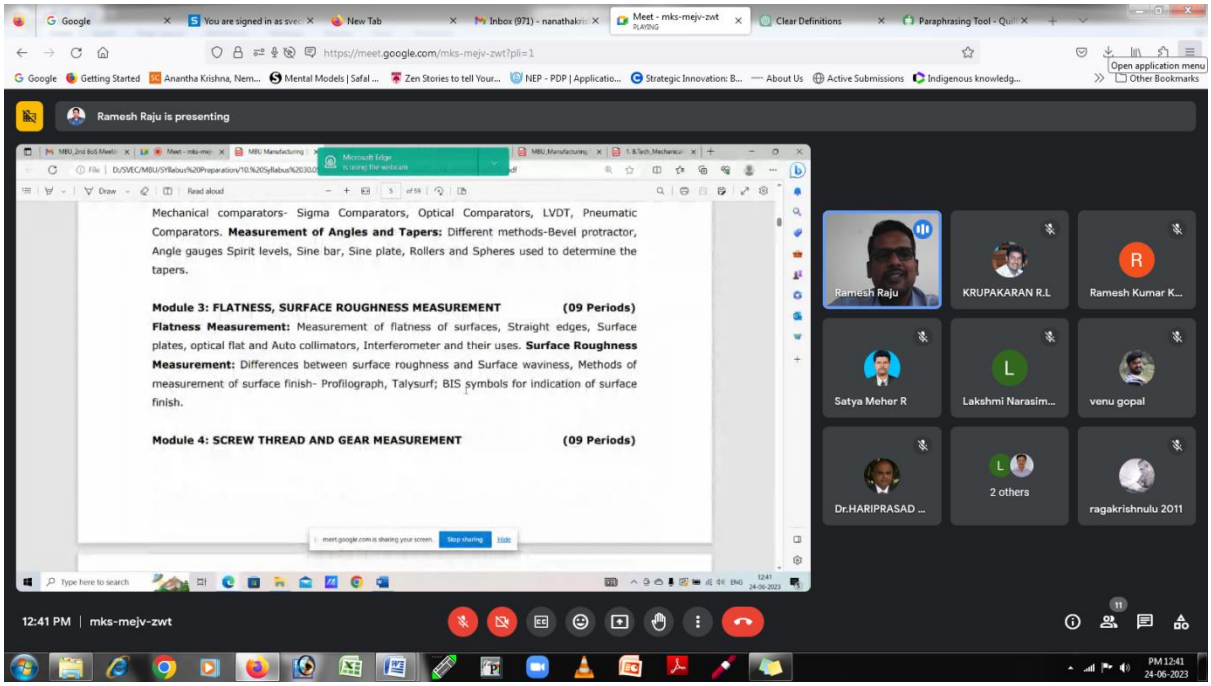
Dr. K. Lakshmi Narasimhamu, Module coordinator, Industrial Engineering presenting the syllabi with course outcomes

Members acknowledged and commended the active participation of faculty and students in research endeavors, particularly in the development and application of metaheuristic algorithms, the application of Anova, and other optimization techniques.

3.4. Manufacturing Module:

Dr. R. Ramesh, the Manufacturing module coordinator, presented the discipline's course syllabi and outcomes. Members of the BOS approved the proposed Syllabi with Course Outcomes for B.Tech. Mechanical Engineering, B.Tech. Mechanical Engineering with specialization in Smart Manufacturing, and B.Tech. Mechanical

Engineering with specialization in Robotics and Automation (MBU22 Regulations) courses that fall within the domain of Manufacturing.



Dr. R. Ramesh, Module Coordinator Manufacturing presenting the syllabi with course outcomes

4. MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations) and Courses offered to other Departments.

The members approved the MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations) and Courses offered to other Departments.

5. Suggestions

The members appreciated the well-constructed syllabi in all the modules, effectively catering to the current industry and research needs and demands. Members suggested checking the typographical errors, if any.

The Board authorized the chairman BOS to effect any minor changes as per the need in syllabi and later intimate these changes to the members of the BOS.

The chairman, BOS thanked the members for their valuable time, insights, and guidance throughout the meeting.

Minutes:

1. **Revised Course Structure of B.Tech. CSE; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of B.Tech. CSE and Syllabi with Course Outcomes for the B. Tech Computer Science and Engineering program other than approved in 1st BoS Meeting, under MBU22 Regulations (ANNEXURE-I). Members were apprised of the Syllabi of other courses of B.Tech. CSE.

   The following suggestions are given by external members for further improvement;
   i. The course titled Feature Engineering could be removed.
   ii. Under AI specialization the following flow of courses could be provided, Intorduction to AI, Machine Learning Fundamentals, Advanced Machine Learning, Deep learning, Computer Vision, Natural Language Processing.
   iii. Include use cases or application areas in artificial intelligence course syllabi.
   iv. Drop advanced java programming and offer a course on any of the BigData tools / NoSQL database

2. **Revised Course Structure of B.Tech. CSE with specialization in Cloud Computing and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of B.Tech. CSE with specialization in Cloud Computing and Syllabi with Course Outcomes. The members appreciated the efforts made by the department in preparing the list of exercises related to Kuberneteser, dockers, and microservices.

   The following suggestions are given by external members for further improvement;
   i. A course on event driven architecture could be included.

   ii. Include usecases in the syllabi of Micro-Services Architecture course.

   iii. If possible laboratory exercises could be implemented with the following cloud service providers; Google, AWS, and Azure.

   (In the proposed syllabus the lab exercises implementation will be carried out in Openstack and AWS platform)

   iv. A course on Edge Computing, and Fog Computing could be included.

3. **Revised Course Structure of B.Tech. CSE with specialization in Full-Stack Development and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of B.Tech. CSE with specialization in Full-Stack Development and Syllabi with Course Outcomes. The members appreciated the efforts made by the department in preparing the course structure and syllabi with much focus on emerging technologies and languages.

   The following suggestions are given by external members for further improvement;
   i. Include more courses on NoSQL databases and big data technologies.
   ii. To implement laboratory exercises with more focus on deploymen of applications in containers.
   iii. More laboratory exercises related to kubernetes and dockers.

4. **Revised Course Structure of B.Tech. CSE with specialization in DevOps and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).v**

BOS Members approved the proposed Revised Course Structure of B.Tech. CSE with specialization in DevOps and Syllabi with Course Outcomes. Members commented that the syllabi covers all the topics from basics to advanced level topics.

The following suggestions are given by external members for further improvement;

i. More focus on DevOps deliviery pipeline.

ii. Laboratory exercises to resolve DevOps technical challenges.

5. **Identification of MOOCs Equivalent to the Courses offered under UG and PG Curriculum (MBU22 Regulations).**

The members suggested the following equivalent MOOC courses for the courses categorized as program electives.

Program Elective	MOOC Course Title	MOOC Offered by
Agile and Scrum Practices	Introduction to Agile Development and Scrum	https://www.coursera.org/learn/agile-development-and-scrum
Internet of Things	Introduction and Programming with IoT Boards	https://www.coursera.org/learn/introduction-iot-boards
Service-Oriented Architecture and Microservices Architecture	Containerized Applications on AWS	https://www.coursera.org/learn/containerized-applications-on-aws
Digital Image Processing	Introduction to Computer Vision and Image Processing	https://www.coursera.org/learn/introduction-computer-vision-watson-opencv
Nature Inspired Algorithms	Bio-inspired Artificial Intelligence Algorithms	https://www.udemy.com/course/bio-inspired-artificial-intelligence-algorithms-for-optimization/

6. **Approval of syllabi for university elective courses drafted by the department of Computer Science and Engineering.**

The syllabi for the the following university elective courses were approved in the meeting by the members;

i. Introduction to the Python Programming

ii. WebDesign Fundamentals

Minutes:

1. **Revised Course Structure of B.Tech. CSE (Data Science); and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

Dr. K. Ramani, Program Head-Data Science apprised the members about the revised course structure and syllabi of III to VIII semesters of B.Tech. CSE (Data Science) under MBU22 Regulations (**Annexure-I**). The members perused and ratified the same.

2. **Revised Course Structure of B.Tech. CSE (Artificial Intelligence & Machine Learning) and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

Dr. B. Narendra Kumar Rao, Program Head-AI&ML apprised the members about the revised course structure and syllabi of III to VIII semesters of B.Tech. CSE (Artificial Intelligence & Machine Learning) under MBU22 Regulations (**Annexure-II**). The members perused and ratified the same.

3. **Revised Course Structure of B.Tech.CSE (Cyber Security) and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).**

Dr. K. Ramani, Program Head-Data Science apprised the members about the revised course structure and syllabi of III to VIII semesters of B.Tech. CSE (Cyber Security) under MBU22 Regulations (**Annexure-III**).

BoS members approved the proposed Course Structure and syllabi of B.Tech. CSE(Cyber Security) under MBU Regulations with the following suggestions:

- Include security compliance as a part of Cyber Security curriculum.
- Refer to Top 10 vulnerabilities in OWAS and include them as a part of Web security Course.

4. **Revised Course Structure of B.Tech. Computer Science and Information Technology and Syllabi with Course Outcomes for the Courses Under MBU22 Regulations.**

Dr. K. Ramani, Program Head-Data Science apprised the members about the revised course structure and syllabi of III to VIII semesters of B.Tech. Computer Science and Information Technology under MBU22 Regulations (**Annexure-IV**).

BoS members approved the proposed Course Structure and syllabi of B.Tech. CSIT under MBU Regulations with the following suggestions:

- Implement DevOps Lab Cycle with Azure DevOps.

5. Identification of MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations).

BoS members approved to offer courses in MOOC equivalent to the courses offered under UG Curriculum (MBU22 Regulations).

6. Approval of Courses offered to other Departments

The University Courses with syllabi offered to other departments are apprised to BoS members and members approved the same.

7. Action Taken Report on 1st BoS Meeting (Under MBU22 Regulations)

The Action Taken Report (**Annexure-V**) on 1st BoS Meeting Under MBU22 Regulations is apprised to the BoS members.

8. Any other Item

Board members have made following suggestions:

- Introduce courses like constitution of India & Finance Management into MOOC/University Electives.
- Human Computer Interaction/Embedded systems courses to be introduced in electives
- Summary on steps to be followed in the direction of NEP.

The Meeting concluded with thanks to the members.

Minutes:

1. **Revision of Course Structure of Bachelor of Computer Applications (B.C.A); and Syllabi with Course Outcomes for the Courses of III, IV, V and VI semesters of B.C.A (Under MBU Regulations).**

BOS Members approved the proposed Course Structure of BCA, Syllabi with Course Outcomes of Computer Applications of I III, IV, V and VI semesters of B.C.A of MBU Regulations (**ANNEXURE-I)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were appraised of the Syllabi of courses of III, IV, V and VI semesters of B.C.A. In addition, the following suggestions are made for further improvement.

- Suggested to include Operating System course in curriculum.
- Recommended to have Design Thinking through lecture hours and need to be monitored.
- Suggested to include practical component to Innovation and Design Thinking.

2. **Revision of Course Structure of B.C.A with specialization in Game and Graphic Design and Syllabi with Course Outcomes for the Courses of III, IV, V and VI semesters of B.C.A (Under MBU Regulations).**

BOS Members approved the proposed Course Structure of BCA with specialization on Game and Graphic Design, Syllabi with Course Outcomes of Computer Applications core courses of III, IV, V and VI semesters of B.C.A. of MBU Regulations(**ANNEXURE-II).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were appraised of the Syllabi of courses of III, IV, V and VI semesters of B.C.A with specialization in Game and Graphic Design. In addition, the following suggestions are made for further improvement.

- Suggested to include Artificial Intelligence, Machine Learning and Data Analytics instead of Advanced Databases.
- Recommended to implement graph database instead of XML.

3. **Revision of Course Structure of B.C.A with specialization in Augmented Reality and Virtual Reality and Syllabi with Course Outcomes for the Courses of III, IV, V and VI semesters of B.C.A (Under MBU Regulations).**

BOS Members approved the proposed Course Structure of BCA with specialization on Game and Graphic Design, Syllabi with Course Outcomes of Computer Applications core courses of III, IV, V and VI semesters of B.C.A. with specialization in Augmented Reality and Virtual Reality of MBU Regulations(**ANNEXURE-III).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of courses of III, IV, V and VI semesters of B.C.A with specialization in Augmented Reality and Virtual Reality. In addition, the following suggestions are made for further improvement.

- Suggested to include NoSQL for implementation of databases.

4. Revision of Credits for MCA from 102 to 90.

- BoS Members appreciated the change of reducing the credits for MCA students as the curriculum is framed for IV semesters.
- Suggested to implement NEP based credit system, used for Rejoining students.

5. Revision of Course Structure of M.C.A and Syllabi with Course Outcomes for the Courses of III and IV semesters of M.C.A (Under MBU Regulations).

BOS Members approved the proposed Course Structure, Syllabi with Course Outcomes of Computer Applications of III and IV semesters M.C.A of MBU Regulations (**ANNEXURE-IV)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were appraised of the Syllabi of courses of III and IV semesters M.C.A. In addition, the following suggestions are made for further improvement.

- Recommended to include NoSQL database for practical implementation of databases.
- Suggested to include Reactjs instead of Angularjs.
- Recommended to include Generative AI instead of AI & ML. Suggested to introduce Database Performance Engineering concepts in DBMS to analyze the databases.
- Recommended to include the following:
    - Include Digital Image Processing and Multi Image Processing.

6. Revision of Course Structure of M.C.A with specialization in Full Stack Development and Syllabi with Course Outcomes for the Courses of III and IV semesters of M.C.A (Under MBU Regulations).

BOS Members approved the proposed Course Structure, Syllabi with Course Outcomes of Computer Applications core courses of III and IV semesters M.C.A. with specialization in Full Stack Development of MBU Regulations **(ANNEXURE-V).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were appraised of the Syllabi of courses of III and IV semesters M.C.A with specialization in Full Stack Development. In addition, the following suggestions are made for further improvement.

- Suggested to include Installation of database in Cloud Environment.
- Suggested to incorporate JARA tool in Software Project Management.
- Recommended to include Flutter as a module in Mobile Application Development.
- Suggested to include Dockers, Kubernetes in DevOps Application Development.

Meeting concluded with thanks to the Chair.

(Hons.) with specialization in Bioinformatics **(ANNEXURE-II).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

4) PEOs, POs, PSOs, and Course Structure of B.Sc., and B.Sc. (Hons.) with Specialization in Biotechnology; and Syllabi with Course Outcomes for the Courses of B.Sc., and B.Sc. (Hons.) with Specialization Biotechnology (Under MBU Regulations)
BOS Members approved the above proposed PEOs, POs, PSOs, and Course Structure and Syllabi with Course Outcomes of core courses of B.Sc., and B.Sc. (Hons.) with specialization in Biotechnology **(ANNEXURE-III).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

5) PEOs, POs, PSOs, and Course Structure of B.Sc., and B.Sc. (Hons.) with Specialization in Microbiology; and Syllabi with Course Outcomes for the Courses of B.Sc., and B.Sc. (Hons.) with Specialization Microbiology (Under MBU Regulations)
BOS Members approved the above proposed PEOs, POs, PSOs, and Course Structure and Syllabi with Course Outcomes of core courses of B.Sc., and B.Sc. (Hons.) with specialization in Microbiology **(ANNEXURE-IV).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

6) PEOs, POs, PSOs, and Course Structure of B.Sc. with Specialization in Forensic Sciences; and Syllabi with Course Outcomes for the Courses of I B.Sc. with Specialization Forensic Sciences (Under MBU Regulations)
BOS Members approved the above proposed Course Structure and Syllabi with Course Outcomes of core courses of 1st year B.Sc. with specialization in Forensic Sciences **(ANNEXURE-V).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

7) PEOs, POs, PSOs, and Course Structure of M.Sc. with Specialization in Biotechnology; and Syllabi with Course Outcomes for the Courses of I of M.Sc. with Specialization in Biotechnology (Under MBU Regulations).
BOS Members approved the above proposed PEOs, POs, PSOs, and Course Structure and Syllabi with Course Outcomes of core courses of M.Sc. **(ANNEXURE-VI).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

8) PEOs, POs, PSOs, and Course Structure of M.Sc. with Specialization in Organic Chemistry; and Syllabi with Course Outcomes for the Courses of I of M.Sc. with Specialization in Organic Chemistry (Under MBU Regulations).

BOS Members approved the above proposed PEOs, POs, PSOs, and Course Structure and Syllabi with Course Outcomes of core courses of M.Sc. with Specialization in Organic Chemistry **(ANNEXURE-VII).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

In addition, the following suggestions are made for further improvement.

In Biology Board:

UG Syllabus:

- In Bioinformatics syllabus redundant topics shall be replaced with advanced topics.
- In molecular biology few advanced methods are to be included.
- In the Microbial physiology metabolism related topics need to be simplified
- Accepted the proposed B.Sc., (honors), course structure with 160 credits
- Suggested to add virology as a program elective for B.Sc., honors

PG Syllabus:

- The syllabus has to be minimized in Agri food biotechnology

In Chemistry Board:

UG Syllabus:

- Accepted the proposed B.Sc., (honors), course structure with 160 credits
- Suggested to add Spectroscopy Studies as a program elective for B.Sc., honors

PG Syllabus:

- In Nano chemistry Course suggested to replace the Module: CARBON NANO MATERIALS with NANO MATERIALS FOR SPECIAL FUNCTIONS.
- Suggested to remove the biosynthesis of Terpenoids, alkaloids in Chemistry of Natural Products.
- Advised to replace the Modern reagents in Organic Synthesis course with Separation Techniques.

Meeting concluded with thanks to the Members.

1. **Revised Course Structure of B.Sc- Computer Science and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations)**

BOS Members approved the proposed Revised Course Structure of B.Sc- Computer Science and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting under MBU22 Regulations (ANNEXURE-I). Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of other courses of B.Sc- Computer Science. In addition, the following suggestions are made for further improvement.

a) Suggested to incorporate any software testing tool as a course for all B.Sc programs in the course structure.
b) Suggested to present faculty achievements, students performance and feed back with new curriculum in the next BOS meeting.

2. **Revised Course Structure of B.Sc-Data Science and Analytics and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations)**

BOS Members approved the proposed Revised Course Structure of B.Sc- Data Science and Analytics and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting under MBU22 Regulations (ANNEXURE-II). Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. BOS Members approved the proposed Revised Course Structure of B.Sc- Electronics and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting under MBU22 Regulations (ANNEXURE-III). Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.

Members were apprised of the Syllabi of other courses of B.Sc- Electronics. In addition, the following suggestions are made for further improvement.

a) Suggested to maintain uniform course structure.
b) Suggested to incorporate labs for all the courses offered in program core and program elective.

4. **Revised Course Structure of M.Sc.Computer Science and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations)**

BOS Members approved the proposed Revised Course Structure of M.Sc.Computer Science and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting under MBU22 Regulations (ANNEXURE-IV). Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of other courses of M.Sc.Computer Science. In addition, the following suggestions are made for further improvement.

a) Suggested to present faculty achievements, students performance and feed back with new curriculum in the next BOS meeting.

5. **Revised Course Structure of M.Sc. Data Science and Analytics and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations)**

BOS Members approved the proposed Revised Course Structure of M.Sc. Data Science and Analytics and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting under MBU22 Regulations (ANNEXURE-V). Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of other courses of M.Sc. Data Science and Analytics. In addition, the following suggestions are made for further improvement.

a) Suggested to present faculty achievements, students performance and feed back with new curriculum in the next BOS meeting.

6. **Identification of MOOCs Equivalent to the Courses offered under UG and PG Curriculum (MBU22 Regulations):**

Resolved to authorize the Chairman, BoS in Mathematical Science to identify and finalize the MOOCs equivant to the courses offered under UG and PG currulum, under MBU22 Regulations and forward the same to the respective School Dean/ Dean (Academic Affairs) for further action.

Meeting concluded with thanks to the Members.

1ST MEETING OF BOARD OF STUDIES

IN SCHOOL OF PHARMACEUTICAL SCIENCES

28thJune2023 (Wednesday) 11:30 AM

(Online Mode)

AGENDA

1. Vision and Mission of the School of Pharmaceutical Sciences
2. PEOs, POs, PSOs, and Course Structure of B.Pharm; and Syllabi with Course Outcomes for the Courses of IB.Pharm (Under MBU Regulations).
3. PEOs, POs, PSOs, and Course Structure of M.Pharm; and Syllabi with Course Outcomes for the Courses of I M.Pharm with specialization Pharmaceutics (Under MBU Regulations).
4. PEOs, POs, PSOs, and Course Structure of M.Pharm; and Syllabi with Course Outcomes for the Courses of I M.Pharm with specialization Pharmaceutical Analysis (Under MBU Regulations).
5. PEOs, POs, PSOs, and Course Structure of Pharm.D; and Syllabi with Course Outcomes for the Courses of I Pharm D (Under MBU Regulations).
6. PEOs, POs, PSOs, and Course Structure of Pharm.D (Post Baccalaureate); and Syllabi with Course Outcomes for the Courses of I Pharm.D (Under MBU Regulations).

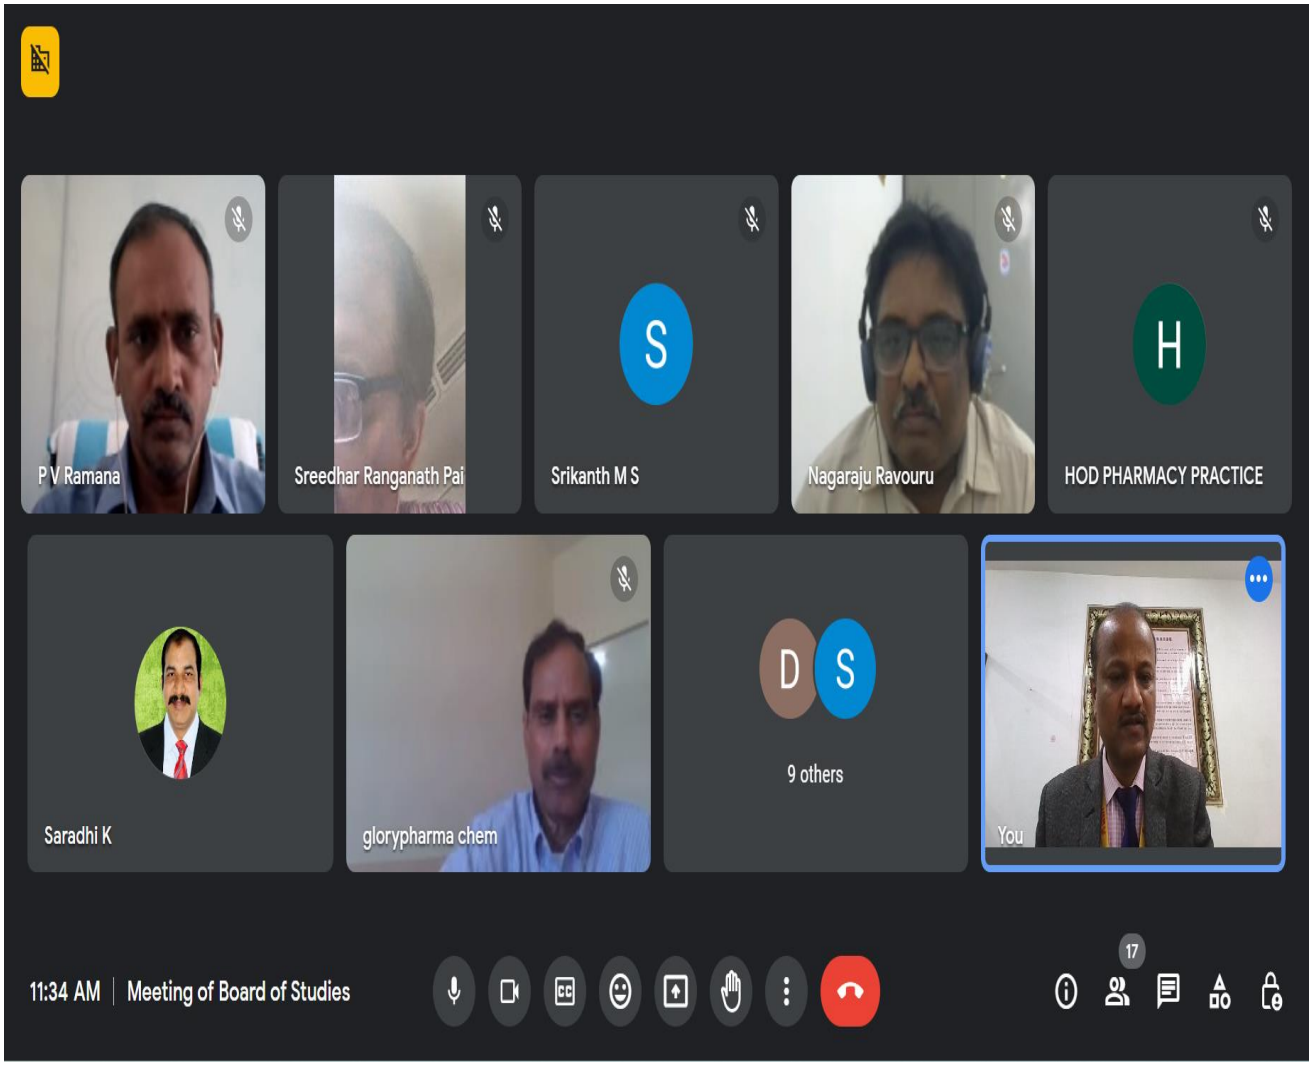
BoS Meeting Members



1. **Vision and Mission of the Department:**

BOS Membersapproved the proposed Vision and Mission of the Department with the following suggestions (**ANNEXURE-I)**.

To align with the university's vision statement for excellence in pharmaceutical sciences, the BOS members have suggested revising the sentence as "To emerge as a renowned global school of excellence in pharmaceutical sciences, committed to improving global health and well-being through education, research, innovations, and collaborations." This revision highlights the university's commitment to becoming a recognized leader in the field while emphasizing the importance of improving global health and well-being.

2. **PEOs, POs, PSOs, and Course Structure of B.Pharm; and Syllabi with Course Outcomes for the Courses of I B.Pharm (Under MBU Regulations):**

BOS Membersapproved the proposed Course Structure,Syllabi with Course Outcomesof Pharmaceutical Sciences courses of I B.Pharm. PharmacyunderMBU Regulations (**ANNEXURE-II)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way.In addition, the following suggestions are made for further improvement.

1. To strictly adhere and follow the PCI Course Structure and Syllabi.
2. Suggested to reduce program outcomes and to following blooms taxanomy method.

These suggestions aim to ensure compliance with the guidelines set by the Pharmacy Council of India (PCI) and to enhance the effectiveness of the course outcomes by aligning them with the Bloom's taxonomy method, which focuses on different levels of cognitive learning. These suggestions will contribute to the continuous improvement of the course structure and syllabi for the benefit of the students and the field of pharmaceutical sciences.

3. **PEOs, POs, PSOs, and Course Structure of M.Pharm; and Syllabi with Course Outcomes for the Courses of I M.Pharm with specialization Pharmaceutics (Under MBU Regulations).**

The External BOS Experts suggested modifying the courses in terms of leaders, pioneers, and medicine. Additionally, they recommended changing the sentence in the courses for the allotment of lecture "hours" instead of periods. No changes are required in the first year, first semester subjects. However, modifications are needed in the second semester subjects by introducing recent topics of current interest. The corrections have been made in the syllabi **(Annexure - III).**

4. **PEOs, POs, PSOs, and Course Structure of M.Pharm; and Syllabi with Course Outcomes for the Courses of I M.Pharm with specialization Pharmaceutical analysis (Under MBU Regulations).**

The BOS members have suggested revising the subject Modern pharmaceutical Analysis (common paper)in module-5 & CO5 mapping. The corrections were made accordingly in **Annexure – IV**

5. **PEOs, POs, PSOs, and Course Structure of Pharm.D; and Syllabi with Course Outcomes for the Courses of I Pharm D (Under MBU Regulations).**

BOS Membersapproved the proposed Course Structure,Syllabi with Course Outcomes of pharmaceutical sciences courses of I Pharm.D MBU Regulations The External BOS Experts suggested and recommendedto apply credits to the subjects of the Pharm.D course and revise the syllabus in alignment with the Pharmacy Council of India (PCI) guidelines. The corrections have been made accordingly in the syllabi and revised syllabus **Annexure - V.**

6. **PEOs, POs, PSOs, and Course Structure of Pharm.D (Post Baccalaureate); and Syllabi with Course Outcomes for the Courses of I Pharm.D (Under MBU Regulations).**

The boardmemebrs suggested implementing credits for the Pharm.D (P.B) course and revising the syllabus according to the Pharmacy Council of India (PCI) guidelines,Credits were given to the subjects of Pharm.D (P.B) course and revised the syllabus as per the PCI **Annexure - VI.**

Dr. Y. Dileep Kumar, Chairman BOS presenting Course Structure for Minor in VLSI & Embedded Systems

1. Action taken report on minutes/resolutions of 2nd BOS meetings

MBU22 regulations has been implemented for the batches admitted during 2022-2023 (I and II Year) and 2023-2024 (First year).

(i) Included Introduction to G2 platform in Module 5 for the Course FPGA Architectures and

Protocols.

(ii) Included concepts related to both clock and power gating in Module 3 as per IEEE 1801

Standard for UVM for the subject Low Power CMOS VLSI Design.

(iii) Included Timing analysis concepts with approaches towards physical design and testing along with experiential learning for VLSI/DICD subjects.

2. Revised Course Structure of

(i) B.Tech. Electronics and Communication Engineering

(ii) B.Tech. Electronics and Instrumentation Engineering

Syllabi with Course Outcomes for the Courses other than approved in 2nd BoS Meeting (Under MBU22 Regulations).

BOS Members approved the proposed Revised Course Structure of (i) B.Tech. Electronics and Communication Engineering, (ii) Electronics and Instrumentation Engineering, Syllabi with

Course Outcomes for the Courses other than approved in 2nd BoS Meeting, under MBU22 Regulations (ANNEXURE-I). Members have appreciated the efforts of Internal Members of BOS and the chairman BoS in guiding them on framing syllabi in a best possible way. Members were appraised of the Syllabi of other courses of B.Tech. Electronics and Communication Engineering.

3. Approval of Minor Degree(s) offered in ECE & EIE.

BOS Members approved the proposed minor degree courses offered in ECE & EIE (Annexure – II).

4. Approval of MOOC Courses to be offered in 2024-25.

BOS Members approved MOOC courses offered for ECE & EIE for the academic year 2024-25. (Annexure – III).

5. New Courses introduced in 2024-25.

BOS Members approved the new courses to be introduced for the academic year 2024-25. (Annexure – IV). In addition, the following suggestion is given for further improvement.

a) Incorporate hands-on lab sessions and simulation tools like COMSOL or ANSYS HFSS can enhance understanding through real-world problem-solving in the subject Advanced Computational Electromagnetics.

6. Any other item

Under any other item chairman, BoS has presented the till date faculty achievement of the Department of ECE for the academic year 2024-25.

Finally, the meeting is concluded with thanks from Chairman, BoS to all the members.

1. **Action Taken Report on 2nd BoS Meeting.**

   i) MBU22 regulations has been implemented for the batches admitted during 2022-2023 (I and II Year) and 2023-2024 (First year).

   ii) **Suggestion:** Suggested to verify redundancy in the power electronic courses

   Action taken: The internal BoS members and the concerned subject experts has reviewed the courses in power electronics domain.

2. **Revised Course Structure of B.Tech. Electrical and Electronics Engineering; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations):**
   BOS Members approved the proposed Revised Course Structure and syllabus along with course outcomes and their mapping with program outcomes for B.Tech. Electrical and Electronics Engineering and Syllabi with Course Outcomes for the Electrical and Electronics Engineering Core Courses other than approved in 2st BoS Meeting, under MBU22 Regulations **(ANNEXURE-I).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of other courses of B.Tech. Electrical and Electronics Engineering. In addition, the following suggestions are made for further improvement.

3. **Course Structure and Syllabi of Minor Degree in Sustainable Energy Engineering**
   BOS Members approved the proposed Course Structure for Minor degree program in Sustaniable Energy Engineering for non-electrical programs offered under MBU. The BoS chairman has presented the course structure, syllabus along with course outcomes and their mapping with program outcomes. The external members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way **(ANNEXURE-II).**

4. **Approval of MOOC Courses to be offered in 2024-25.**
   BoS Chairman has presented the details of the MOOC courses offered so far in the earlier semesters and also presented the details of the MOOC courses that are proposed to offer for the Vth and VIth semesters during the academic year 2024-25. The members has appreciated the efforts of the BoS chairman in selecting the courses under MOOC and has approved the couses proposed **(ANNEXURE-III).**

5. **New Courses introduced in 2024-25.**
   BoS Chairman has presented the details of the New courses under various basektes of the course structure, speciliazation courses and in minor degree to the board, The external members has appreciated the couses introduced as the the specialization courses and raised concerns about the availability of the human resources to handle the courses. The BoS chairman has assured the training will be given to the faculty well in before handling the courses. **(ANNEXURE-IV).**

1. Action Taken Report on "Minutes of BOS Meeting held on 24.06.2023":

Chairman Dr. V. Prem Kumar apprised the members the Minutes/Resolutions of BOS Meeting held on 24.06.2023.

Minutes of BOS Meeting held on 24.06.2023	Action Taken
Revised Course Structure of B.Tech. Civil Engineering; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).	Implemented for B.Tech. Civil Engineering I, II, III & IV Semesters from the academic year 2023-24. **(ANNEXURE-I)**
Revised Course Structure of B.Tech. Civil Engineering with specialization in Structural Engineering; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).	Yet to be implemented for I B.Tech. Civil Engineering with specialization in Structural Engineering
Revised Course Structure of B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering; and Syllabi with Course Outcomes for the Courses other than approved in 1st BoS Meeting (Under MBU22 Regulations).	Yet to be implemented for I B.Tech. Civil Engineering with specialization in Geotechnical and Transportation Engineering
Revised Course Structure and Syllabi with Course Outcomes for the Courses of M.Tech. Construction Technology and Management (Under MBU22 Regulations):	Yet to be implemented for I M.Tech. Construction Technology and Management
Identification of MOOCs Equivalent to the Courses offered under UG and PG Curriculum (MBU22 Regulations).	Implemented for B.Tech. Civil Engineering III & IV Semesters from the academic year 2023-24. **(ANNEXURE-I)**

The above Action Taken Report is noted for record.

2. Revised Course Structure of B.Tech. Civil Engineering; and Syllabi with Course Outcomes for the Courses by adding AI and science related courses in Civil Engineering (Under MBU22 Regulations):

BOS Members approved the proposed Revised Course Structure of B.Tech. Civil Engineering **(ANNEXURE-II)** and Syllabi with Course Outcomes for the civil engineering Core Courses by adding AI and science related courses **(ANNEXURE-III)** other than approved in 2nd BoS Meeting, under MBU22 Regulations for both Regular and Lateral Entry Programs. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing course structure and syllabi in a best possible way. Members were apprised of the Syllabi of other courses by adding AI and science related courses of B.Tech. Civil Engineering. In addition, the following suggestions are made for further improvement.

Suggestions for UG Programs:

1. Suggested to maintain uniformity in the number of courses offered domain wise under the specialization elective
2. Suggested to minimise the advanced courses

General Suggestions:

3. Suggested to plan and conduct Faculty Development Programs on emerging courses in AI & IOT.
4. Suggested to conduct more number of Expert Lectures in AI & IOT from industry.

3. Course Structure, Syllabi with Course Objectives, Course Outcomes, for the Courses of Minor Degree – Sustainable Engineering offered by Department of Civil Engineering (Under MBU22 Regulations).

BOS Members approved the proposed Revised Courses of Minor Degree – Sustainable Engineering offered by Department of Civil Engineering for other branches (Under MBU22 Regulations) and Syllabi **(ANNEXURE-IV).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing course structure and syllabi in a best possible way.

Suggestions for Minor Degree – Sustainable Engineering:

1. Suggested to include case studies with visual explanation in the syllabi to gain practical knowledge
2. Suggested to include seminar, NSS activites and field reports as experiential learning activity

4. Identification of MOOCs Equivalent to the Courses offered under UG and PG Curriculum (MBU22 Regulations):

Resolved to authorize the Chairman, BoS in Civil Engineering to identify and finalize the MOOCs equivant to the courses offered under UG and PG currulum, under MBU22 Regulations **(ANNEXURE-I)** and forward the same to the respective School Dean/ Dean (Academic Affairs) for further action.

Meeting concluded with thanks to the Members.

ACTION TAKEN REPORT

on

2nd Meeting of Board of Studies in Mechanical Engineering

for UG on 24.06.2023 at 10:00 AM

In response to the resolutions and discussions held during the 2nd Board of Studies (BOS) meeting for undergraduate (UG) programme, held on June 24, 2023, the following are the details of significant actions that were taken to address the various suggestions/ recommendations:

Suggestions from External BOS Members:

The following are the suggestions/recommendations given by external BOS members for module-wise presentations on syllabi with course outcomes for B.Tech Mechanical Engineering (excluding the courses approved in the First BoS Meeting (MBU22 Regulations), B.Tech Mechanical Engineering with specialization in Smart Manufacturing (MBU22 Regulations), and B.Tech Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations), Identification of MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations), and Courses offered to other Departments:

a) The members appreciated and approved the well-constructed syllabi in all the modules, effectively catering to the current industry and research needs and demands with uniform distribution of theory and laboratory courses.

b) Suggested to Prioritize Modelling first, and accordingly reframe the syllabus for "Simulation and Modeling Analysis". Also, members suggested system-based model development for inclusion.

c) Members acknowledged and commended the active participation of faculty and students in research endeavours, particularly in the

development and application of metaheuristic algorithms, the application of ANOVAs, and other optimization techniques.

d) Members suggested checking the typographical errors, if any.

e) The members approved the MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations) and Courses offered to other Departments.

Implementation as per the External BOS member's suggestions/Advises:

- The recommendations given on "Simulation and Modeling Analysis" were considered and changes were made accordingly.
- As per the suggestions, the syllabus documents were meticulously reviewed for typographical errors.
- The Course structure & Syllabi for B.Tech Mechanical Engineering, B.Tech Mechanical Engineering with specialization in Smart Manufacturing (MBU22 Regulations), and B.Tech Mechanical Engineering with specialization in Robotics and Automation (MBU22 Regulations) approved in 2nd Meeting of Board of Studies has been successfully implemented. Also, MOOCs Equivalent to the Courses offered under UG Curriculum (MBU22 Regulations) and Courses offered to other Departments, approved in 2nd BOS were successfully implemented.

1. A detailed document outlining the actions and decisions that were implemented following the discussions and resolutions made during the 2nd Board of Studies (BoS) meeting. This report provides an update on the progress and effectiveness of the implemented actions.
2. Revised Course Structure for the Bachelor of Technology in Computer Science and Engineering (B.Tech. CSE) program. Modifications in the course content, structure, and learning objectives to ensure they align with current industry standards and academic requirements.
3. The comprehensive outline and curriculum for students pursuing a minor degree in Software Engineering. This document specifies the courses, their content, prerequisites, and the learning outcomes expected from students who choose this minor.
4. A list of Moocs that have been approved for inclusion in the academic offerings for the academic year 2024-25.
5. New Courses introduced in 2024-25,this includes details about the course objectives, content, and how they fit into the overall program curriculum.

Minutes:

1. **Revised Course Structure of B.Tech. CSE; and Syllabi with Course Outcomes for the Courses other than approved in 2nd BoS Meeting (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of B.Tech. CSE and Syllabi with Course Outcomes for the B. Tech Computer Science and Engineering program other than approved in 2nd BoS Meeting, under MBU22 Regulations (ANNEXURE-I). Members were apprised of the Syllabi of other courses of B.Tech CSE

   The following suggestions are given by external members for further improvement;

   i. The course titled Advanced Data Management can be made as program Elective.
   ii. Under AI specialization the following flow of courses could be made as Core Subjects i.e Machine Learning, Deep learning, & Artificial Neural Nmetworks.
   iii. Include Generative AI in artificial intelligence course syllabi.
   iv. Add More Laboratory Courses for the Studnets to improve Practical Exposure

2. **Revised Course Structure of B.Tech. CSE with specialization elective in Data Science artificial intelligence & machine learning and cyber security Syllabi with Course Outcomes for the Courses other than approved in 2nd BoS Meeting (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of B.Tech. CSE with specialization in artificial intelligence , Data Science and cyber security Syllabi with Course Outcomes. The members appreciated the efforts made by the department in preparing the list of exercises related to advanced Laboratory Courses (ANNEXURE-I).

   The following suggestions are given by external members for further improvement;

   i. Core Courses like Big Data Analytics and Business Intelligence Tools can be added.
   ii. Include Advanced Data Base Management Systems course.
   iii. If possible laboratory exercises could be implemented with the following open source tools; Google, AWS, and Azure.
   iv. A course on Edge Computing, Quantam Computing and Fog Computing could be included.
   v. In Cyber Security Specalization a Course on Cyber Forensics and investigation may be Added.
   vi. In this Speclization Certification Courses also to be encouraged among studnets

3. **Revised Course Structure of CSE Minor with specialization in Software Engineering and Syllabi with Course Outcomes for the Courses (Under MBU22 Regulations).**

   BOS Members approved the proposed Revised Course Structure of CSE Minor with specialization in Software Engineering and Syllabi with Course Outcomes.

The members appreciated the efforts made by the department in preparing the course structure and syllabi with much focus on emerging technologies and languages. (ANNEXURE-II).

The following suggestions are given by external members for further improvement;

i. Include one course on Advance databases and Devops.
ii. To implement laboratory exercises with more focus on deploymen of real time applications.
iii. More laboratory exercises related to databases and AI.

4. Approval of MOOC Courses to be offered in 2024-25

BOS Members approved the Proposed MOOC Courses to be offered for the Acdememic Year 2024-25

5. Approval of syllabi for program Electives on emerging AI related courses by the department of Computer Science and Engineering for the Academic Year 2024-25. . (ANNEXURE-III).

The syllabi for the the following New & Program elective courses were approved in the meeting by the members;

1	Advanced Artificial Intelligence
2	Generative AI On AWS
3	Intelligent Model Design Using Al
4	AI For Business
5	AI Ethics
6	Artificial Intelligence For Data Science
7	Business Intelligence Technology
8	Explainable Artificial Intelligence(XAI)
9	Generative Adversarial Networks
10	Exploratory Data Analysis
11	Mathematical Foundations For Machine Learning
12	AI In Healthcare And Medicine
13	AI In Natural Language Processing
14	Robot Technologies And Simulators
15	Artificial intelligence in agricultural engineering

The following suggestions are given by external members for further improvement;

i. Include Courses on AI in Automobiles and AI in Supply Chain
ii. Where ever possible add Large Language Models

1. **Action Taken Report on 2ndBoS Meeting (Under MBU22 Regulations).**

Members of B.O.S were apprised of the Action Taken Report on minutes of 2nd B.O.S meeting held on 07.10.2023.

2. Revised Vision and Mission of Data Science department.

Dr. K. Ramani, Program Head-Data Science apprised the members about the revised Vision and Mission of the department. The members perused and ratified the same.

3. Revised Course Structure of B.Tech. CSE (Data Science), CSE(Cyber Security) and Information Technology.

Dr. K. Ramani, Program Head-Data Science apprised the members about the revised course structures of B.Tech. CSE (Data Science), CSE (Cyber Security) and Information Technology under MBU22 Regulations. The members perused and ratified the same.

4. Course Structure and Syllabi of Minor Degree in Data Science and Artificial Intelligence & Machine Learning

Dr. K. Ramani, Program Head-Data Science apprised the members about the Minor degree course structure and syllabi of Minor Degree in Data Science under MBU22 Regulations (**Annexure-I**).

BoS members approved the proposed Course Structure and syllabi of Data Science Minor Degree.

Dr. B. Narendra Kumar Rao, Program Head-AIML apprised the members about the Minor degree course structure and syllabi of Minor Degree in Artificial Intelligence and Machine Learning under MBU22 Regulations (**Annexure-I**).

BoS members approved the proposed Course Structure and syllabi of in Artificial Intelligence and Machine Learning Minor Degree.

5. Identification of MOOCs Equivalent to the Courses offered under UG Curriculum for the Academic Year 2024-25.

BoS members approved to offer courses in MOOC equivalent to the courses offered under UG Curriculum (MBU22 Regulations) for the academic year 2024-25.

6. Approval of New Courses introduced.

The University Courses with syllabi offered to other departments are apprised to BoS members and members approved the same.

7. Any Other Item

Board members have made following suggestions:

- Introduce one or two excises on Databricks as a part of Data Engineering on Cloud course.
- Encourage students to take certifications in Cyber Security such as Google Cyber Security, Microsoft Cyber Security Analyst, IBM Cyber Security Analyst etc.
- Encourage students to take Professional certifications in Data Analytics, Data Science, Data Engineering etc.

The Meeting concluded with thanks to the members.

1. **Revision of Course Structure of Bachelor of Computer Applications (B.C.A) and Syllabi with Course Outcomes for the Courses of V and VI semesters of B.C.A (Under MBU Regulations).**

BOS Members approved the proposed Course Structure of BCA, Syllabi with Course Outcomes of Computer Applications of V and VI semesters of B.C.A of MBU Regulations (**ANNEXURE-I)**. Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were appraised of the Syllabi of courses of V and VI semesters of B.C.A. In addition, the following suggestions are made for further improvement.

Approved for BCA specialization with Data Science and AR&VR with 12 to 18 credits.

- Suggested to include Imge Analytics, Video Analytics, Predictive Analytics and Text Analytics separately for Data Science in curriculum.
- Recommended to have Sequence Modeling, Reinforcement Learning, Deep Learning, Streaming Data Analytics, Data Visualization, Cloud Data Management, Social Data Analytics, IoT Data Processing, Large Language Models in Data Science.
- Suggested to include Data Engineering.

2. **Revision of Course Structure of B.C.A with specialization in Game and Graphic Design and Syllabi with Course Outcomes for the Courses of V and VI semesters of B.C.A (Under MBU Regulations).**

Informed BOS members regarding the merging of B.C.A with specialization in Game and Graphic Design and B.C.A with specialization in Augmented Reality and Virtual Reality.

3. **Revision of Course Structure of B.C.A with specialization in Augmented Reality and Virtual Reality and Syllabi with Course Outcomes for the Courses of V and VI semesters of B.C.A (Under MBU Regulations).**

BOS Members approved the proposed Course Structure of B.C.A. with specialization in Augmented Reality and Virtual Reality of MBU Regulations(**ANNEXURE-II).** Members have appreciated the efforts of Chairman and Internal Members of BOS and the Department in framing syllabi in a best possible way. Members were apprised of the Syllabi of courses of V and VI semesters of B.C.A with specialization in

Augmented Reality and Virtual Reality. In addition, the following suggestions are made for further improvement.

- Suggested to include Performance Engineering as a module in Software Engineering.
- Include Data Engineering concepts in MOOC.
- Recommended to include the architectures of Netflix, Whatsapp in Software Architecture and Design Patterns to understand the architecture dimensions of the application.
- Advised to incorporate Game Theory and Strategy.

4. Introduction of a new program B.C.A (Honours) with 4-years with an option to exit after 6 semesters with BCA degree.

- BoS Members appreciated the introduction of a new program with 160 credits (**ANNEXURE-III)** and had given suggestions for the improvement of syllabi.
- Suggested to exempt some courses in MCA for BCA students.

5. Comprehension of new AI courses in BCA curriculum.

BOS Members appreciated the new agenda used for the student development. (**ANNEXURE-IV)**. In addition, the following suggestions are made for further improvement.

- Recommended to include Deep Reinforcement Learning, Multi-agent Learning, Federated Machine Learning.
- Suggested to include Generative AI, Computational Neuro Science, Quantum Computing, Prompt Engineering and Responsive AI.

Meeting concluded with thanks to the Chair.

1) Action Taken Report on Minutes of 2nd Meeting held on 24.06.2023.

Biology board:

Suggestion-1: Bioinformatics syllabus redundant topics shall be replaced with advanced topics

Action Taken: Necessary changes were done in the syllabus and advanced topics were added

Suggestion-2: Molecular Biology advanced topics to be included

Action Taken: Incorporated advanced methods in the Experiential learning

Suggestion 3: Microbial Physiology and Metabolism paper topics need to be simplified

Action taken: Topics are simplified according to the suggestion.

Suggestion 4: In the PG syllabus Agri-food biotechnology syllabus to be simplified

Action taken: Syllabus is simplified.

Chemistry Board:

Suggestion 1: Suggested to add Spectroscopic studies as one of the course for UG

Action taken: New subject with the title is implemented.

Suggestion 2: In the M.Sc Organic chemistry title change was suggested for Carbon Nano Materials

Action Taken: The title was renamed.

Suggestion 3: Advised to rename another paper Modern reagents in Organic Synthesis as Separation techniques.

Action taken: The course title was renamed as advised.

2) Revised Course Structure and Syllabi of UG/PG

BOS Members were approved the revised course structure and syllabi of the following BSc Programs (Under MBU Regulations).

1. BSc Bioinformatics (ANNEXURE-I)
2. BSc Biotechnology (ANNEXURE-II)
3. BSc Forensic Science (ANNEXURE-III)

3) Minor Degree program offered to other schools/Departments

Chairman, BoS presented the Course structure and syllabi of Minor Degree program presented to the BOS Members offered from department of biological and chemical sciences to all other schools/Departments in their UG Programs. (ANNEXURE-IV). The board has approved the same.

4) Approval of MOOC Courses to be offered in 2024-25

The Chairman, BoS, is authorized to finalize any MOOC courses to be offered in the BSc and MSc programs for the academic year 2024-25.

5) New courses introduced in 2024-25

The Chairman, BoS has presented the following new courses related to the Artificial Intelligence in the academic year 2024-25 for BSc programs.

Name of the new courses:

1. Artificial Intelligence and Bioinformatics **(Annexure-I)**
2. Artificial Intelligence in Genomics **(Annexure-II)**
